

OCCUPATIONAL HEALTH AND SAFETY POLICY

Ashburton Crane Hire is dedicated to providing and maintaining safe and healthy working conditions, equipment and systems of work for all our employees. Accordingly, the company is committed to providing the highest possible standard of health and safety.

Ashburton Crane Hire will do all that is reasonable to develop standards and procedures for the prevention of accidents and damage to health. We recognise our responsibility for the health and safety of client personnel and the general public who are affected by our activities.

Ashburton Crane Hire will comply with all relevant legislation, codes of practice and guidelines relevant to our operations and will adopt the principles and practices as set out in AS/NZS 4801 Occupational Health and Management Systems – General Guidelines.

We regard the promotion of health and safety measures as a mutual objective for both management and employees at all levels.

Our goal for all workplaces is Nil - Lost time Injuries.

Our Goals will be achieved by:

- Providing resources (including finance), information, training and supervision to enable employees to perform their work safely and effectively and to contribute positively to their own health and safety at work;
- Maintaining a continuous interest in matters of health and safety regarding the Company's activities, in particular management commitment and consulting / involving our employees;
- Conducting audits of the workplace, systems of work and all relevant data to ensure continual improvement;
- Planning and preparing for all work activities;
- Providing safe plant, equipment and systems of work;
- Providing all necessary safety devices and protective equipment; and
- Providing a healthy working environment with adequate welfare facilities including rehabilitation and counselling.
